

EXPLORING HUMAN HOST-MICROBIOME INTERACTIONS IN HEALTH AND DISEASE

5-7 December 2018
Wellcome Genome Campus, UK

Join leading scientists and clinicians from microbiology, gastroenterology, neuroscience, cancer and public health to discuss the latest developments in this fast-moving field.

Now in its 7th year, this well-established conference will include sessions on the brain-gut axis and the influence of microbiome on cancer.

KEY SCIENTIFIC TOPICS

- Gut-brain access
- Microbiota based interventions
- Translation between model organisms and humans
- Cancer and the microbiome
- Data analysis approaches
- Microbiome and drug interactions

COMMITTEE MEMBERS

- Patricia Hibberd - Boston University, USA
- Colin Hill - University College Cork, Ireland
- Julian Marchesi - Cardiff University, UK
- Cath O'Neill - University of Manchester, UK

KEYNOTE SPEAKERS

- Jack Gilbert - University of Chicago, USA
- Julie Segre - National Institutes of Health, USA
- John Cryan - University College Cork, Ireland

CONFIRMED SPEAKERS

- Frida Hallenius - Lund University, Sweden
- Rochellys Heijtz - Karolinska Institute, Sweden
- Lesley Hoyles - Imperial College London, UK
- Susan Joyce - APC Microbiome, Ireland
- James Kinross - Imperial College London, UK
- Sarah Lebeer - University of Antwerp, Belgium
- Arthur Liesz - LMU Munich, Germany
- Debbie Shawcross - King's College London, UK
- Claire Steves - King's College London, UK
- Nasso Typas - EMBL Heidelberg, Germany
- Paul Wilmes - University of Luxembourg, Luxembourg
- Moran Yassour - The Hebrew University of Jerusalem, Israel
- Laurence Zitvogel - INSERM, France

DEADLINES

- Early bird: 11 September
- Bursary: 25 September
- Abstract: 9 October
- Registration: 6 November
